

Signs and Engraved Products

ARIZONA CORRECTIONAL INDUSTRIES

A DIVISION OF ARIZONA DEPARTMENT OF CORRECTIONS

MISSION

- ☐ To make available within the state correctional institutions opportunities for employment of inmates in jobs which combat idleness and develop good working habits.
- ☐ To provide training and work experience that will assist inmates in eventually securing and holding gainful employment outside the correctional institution.
- ☐ To reduce the cost to society of maintaining an inmate through the sale of inmate-produced goods and services and by requiring and enabling inmates to pay some portion of their room and board costs.
- ☐ To require and enable inmates to make restitution to the victims of their offenses, so as to assist the inmates in accepting responsibility for the consequences of their acts.
- ☐ To require and enable inmates to provide assistance to their dependents thus tending to strengthen family ties.
- ☐ To require and enable inmates to accumulate savings for their eventual return to the community.

VISION

ACI's compelling vision is to maintain its momentum of successfully accomplishing legislative and departmental objectives while integrating and balancing strategic plans with the necessity to be a purely "customer driven" organization that serves all of its customers as a quantifiable value-added partner.

SIGNS

For over 10 years Arizona Correctional Industries has been providing quality signs to commercial and industrial businesses and government agencies throughout the state. Along with our standard sign products, we work with our clients to develop specific sign systems to meet their individual needs. The ACI Sign Division is staffed with highly trained employees that utilize the latest computer-aided design and manufacturing equipment to ensure top quality, cost effective signage.

Road and Regulatory Signs

Road and Regulatory signs come in a variety of shapes, sizes and metal grades. The three most popular metal grades are .040, .063, and .080 aluminum. Grade .040 is designed for indoor, or light outdoor use. This metal is thin and also requires a stronger mounting area, i.e. a wall or fence, in order to prevent the sign from rippling or warping. For heavy indoor or moderate outdoor use, choose .063 grade aluminum. This durable gauge can be post mounted in sizes up to 18" x 24", and is excellent for fence or building mounting. Grade .080 aluminum is ideal for outdoor use. This heavy gauge metal is designed for post mounting and has an anodized finish meeting all MUTCD standards for regulatory signs.

Available in Three Standard Finishes: Painted Aluminum, Non-Reflective Sheeting, and Reflective Sheeting							
Choice of Three Standard Metal Grades: .040, .063 or .080							
Standard Sizes Available:							
6"x6"							
6"x12"	12"x12"	18"x12"					
6"x24"	12"x24"	18"x24"	24"x24"				
6"x30"	12"x30"	18"x30"	24"x30"	30"x30"			
6"x36"	12"x36"	18"x36"	24"x36"	30"x36"	36"x36"	48"x60"	
6"x48"	12"x48"	18"x48"	24"x48"	30"x48"	36"x48"	48"x72"	42"x48"

New Service...ACI introduces Graffiti Coating for signage. This new process utilizes a clear film or spray protectant, that is applied to the signs after completion, to protect them from excessive dirt and reduce the effects of vandalism and graffiti. The graffiti coating also protects against fading from ultra-violet light. Contact your ACI sales representative for more information.

Special Shaped Signs

Circular Signs	School Signs	Yield Signs	Stop Signs	Stop Sign Paddle
30" Circle	30" Pentagon	30" Triangle	18" Octagon	18" Octagon Stop
36" Circle	36" Pentagon	36" Triangle	24" Octagon	Sign w/6" paddle
			30" Octagon	
			36" Octagon	
			48" Octagon	

SIGNS

Street Identification Signs

Street signs provide easy visibility day or night. They are made from durable .080 aluminum using a green background and white reflective copy.

Signs are double sided in a choice of three standard widths: 6", 8", or 9"

18" length

24" length

30" length

36" length

48" length

Industrial Safety / Osha Signs

Custom OSHA signage allows you to be in compliance and be specific and appropriate in any given situation. All signs are made from .063 or 24 gauge aluminum with rounded corners for safety and holes punched for easy installation. Each sign is covered with a durable, scuff resistant vinyl film. The graphics can either be screen printed or computer cut vinyl.

Available in two standard sizes: 7" x10" and 10"x14"

Danger: used to indicate that an immediate hazard exists which could cause death or serious injury

Warning: used to indicate that an immediate hazard exists that has some probability of causing death or serious injury

Think: used to bring attention to company safety rules to prevent accidents from occurring

Notice: used to indicate general safety rules. Notice should not be used in place of Danger, Warning or Caution

Caution: used to indicate that a potentially hazardous situation exists that could cause minor or moderate injury.

High Visibility Lime Green Crosswalk Signs

After six years of road tests in the Washington D.C. area and one year after the Federal Highway Administration gave a thumbs-up to their widespread use, high visibility lime green crosswalk signs are popping up in a growing number of states. They are replacing the traditional yellow-orange signs that many drivers tune out.

Signs are made from sturdy .080 aluminum and are available in three standard sizes of 24", 30" and 36"

Tobacco Free School Signs

SIGNS

These sturdy, all-weather, aluminum signs are now available to all Arizona schools and are only available through Arizona Correctional Industries. The use of these signs in order to promote a tobacco free school environment is supported by the Arizona Department of Health Services.

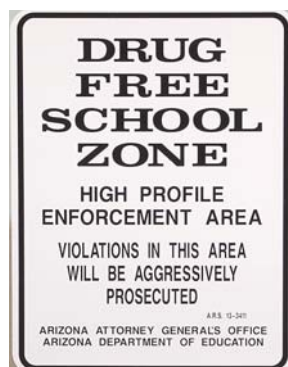

Exterior Building Sign		Perimeter/ Parking Lot Sign
12" X 18"		18" x 24"
English or Spanish		English or Spanish

Signs are made from sturdy .080 aluminum in white with black and red type/graphics and available in two styles; an exterior building sign 12" x 18" in spanish or english and a perimeter/parking lot sign 18 "x 24" in spanish or english.

Did you know?...ACI produced the first drug free school zone signs in conjunction with the Attorney General's drug awareness program starting in 1993. Since that time, more than 1,000 drug free and weapons free signs have been manufactured to date for use in Arizona.

Drug Free and Weapon Free Signs

Standard signs are 18" x 24" in 24 gauge aluminum and are available in six choices of text

Drug Free School Zone (English)

Drug Free School Zone (Spanish)

Weapons Free School Zone (English)

Weapons Free School Zone (Spanish)

Drug Free / Weapons Free Combination (English)

Drug Free / Weapons Free Combination (Spanish)

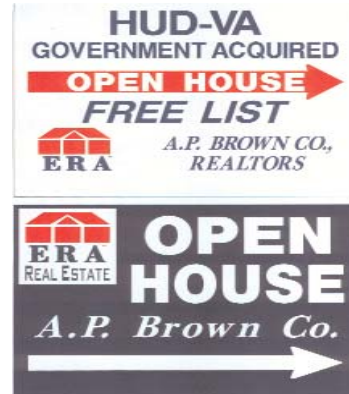

24 Gauge Aluminum Signs

A versatile and widely used outdoor sign made of a 24 gauge grade aluminum. They are designed for indoor or outdoor use and can also be post mounted.

Standard Sizes Available:

6"x6"			
6"x12"	12"x12"		
6"x18"	12"x18"	18"x18"	
6"x24"	12"x24"	18"x24"	24"x24"
6"x30"	12"x30"	18"x30"	24"x30"
6"x36"	12"x36"	18"x36"	24"x36"

Allmag Magnetic Signs

Allmag signs are specifically designed with a magnetic backing to be mounted to a metal surface. These signs are easily applied to any surface that a standard magnet would stick to.

Standard Sizes Available:

6"x6"			
6"x12"	12"x12"		
6"x18"	12"x18"	18"x18"	
6"x24"	12"x24"	18"x24"	24" x 24"
6"x30"	12"x30"	18"x30"	24"x30"

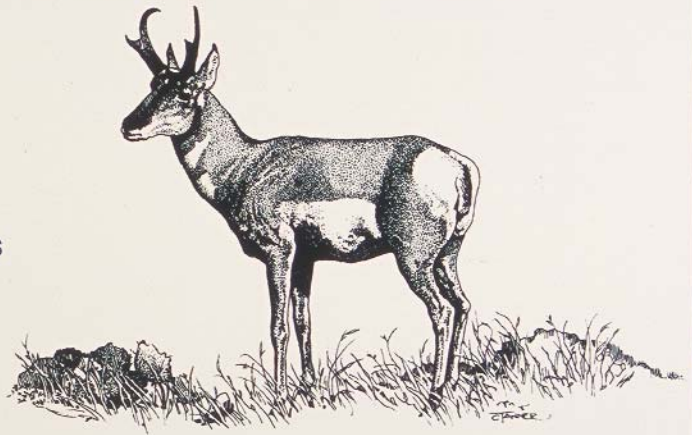

What is the Fastest Land Animal in Arizona?

Pronghorn antelope depend upon their speed, which can reach 50 mph, to escape predators. They also have excellent eyesight, about seven times better than a human's. Using these two features, they live comfortably in grasslands and open pinyon-juniper woodlands.

Antelope fawns are born without a scent, which is nature's way of protecting them from predators. They hide by lying low and motionless in the grass until they are strong enough to run with their mother, which usually occurs only a few days after birth.

Because of continued human development and coyote predation in grassland habitats, pronghorn numbers have been declining in Arizona. Good habitat is the key to wildlife survival. For a wildlife population to sustain itself, there must be suitable habitat to support a viable breeding population, not just a few individuals.

Horns or Antlers?

Antelope have horn sheathes surrounding a bony core. They are shed annually like antlers of their deer cousins. Sheathes are composed of keratin, which is the same substance found in hair and fingernails.

Both sexes have horns, but the doe's are much smaller. A buck's horns can reach 15 to 18 inches in length.

Arizona State Game & Fish Wildlife Sign

In addition to Arizona Correctional Industries' standard sign production, we also work closely with our clients to customize signs to their individual requirements. Whether you have a concept, or no idea where to start, the ACI sign division will use its expertise and experience to design your signs. Don't let custom sizes, hard to match colors, or complex artwork prevent you from having the sign you want.

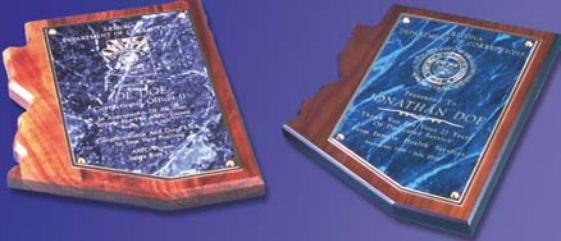

PLAQUES & AWARDS

Arizona Correctional Industries (ACI) is pleased to be a participating vendor for the State Contract for Length of Service & Recognition Awards. We provide a wide range of standard products, as well as custom plaques and awards. Our rotary and laser engraving services combined with our silk screening capabilities can provide a truly individual design.

Tohono O'Odham Indian Nation Fire Truck

Look around you....you will be surprised to see how many companies are applying cut vinyl graphics to their vehicles instead of painting them. Vehicle Graphics are an easy and cost effective form of advertising. They allow you to reach a large number of prospective clients by applying your company name, phone number, etc. to your car, truck, van or trailer. You may also choose to use magnetic signs as a temporary alternative when using any vehicle to advertise your business. Vehicle graphics are ideal for a small business with one truck to a large company with a fleet of vehicles.

Contact an ACI sales representative today for a custom quotation for all your vehicle graphic needs.

Did You Know...ACI can produce a full spectrum of personalized business signs in a wide variety of colors and styles. The standard products seen here are just a few of the options we offer. If any required item is not listed, we are prepared to customize nearly any engraving product necessary to meet your needs.

LICENSE PLATES

One of the longest-standing product lines for ACI has been the manufacturing of license plates for the Arizona Department of Transportation. But did you know that ACI also provides novelty license plates to individuals? Novelty license plates can be made for individuals or organizations as a fun way to express yourself or your organizational affiliation. Great as gifts for any occasion.

Novelty License Plates

Novelty license plates are available in automobile size and motorcycle size in a variety of colors and styles. Standard plates are one background with one letter color. Novelty license plates may be ordered with or without wooden display plaques which are available for either size plate.

Type of Plate	Background Colors Available	Letter Colors	Legends	Custom Plate Styles
<p>There are two types of plates available.</p> <p>1. Aluminum</p> <p>2. Copper</p>	<p>The following colors are available for your plate:</p> <p>white, silver grey, gold, sea green, medium blue, red, green, black, yellow, maroon, purple, navy blue, light blue and lemon yellow</p>	<p>Letter colors on plates can be any standard primary or secondary color, including gold, silver and copper.</p>	<p>Legends are the words that appear at the top and bottom of a license plate. A top legend will have the word Arizona and the bottom legend will have the words Grand Canyon State, You may choose top, bottom, both or none.</p>	<p>Special combinations of colors are available. See the sample blended and banded plates shown below</p>

Top and Bottom Legends

- LP-9127 Wooden Plaque
- LP-1041 State Flag Novelty Plate
- CUSTLP Banded Color Plate with One or Two Additional Colors
- CUSTLP Blended Color Plate with One or Two Additional Colors

ADA Signs

SIGNS

All places of public accommodation and commercial facilities are now required to have interior and exterior signage that meets ADA requirements. ACI has a full line of Braille and Raised Letter signs to accommodate your building. ACI recognizes that people differ in size, age and ability and our product designs embrace these differences. It is a logical approach to design, that meets the needs of all our customers. ADA signs are available individually or with a frame; both are available in any color combination and in a number of standard sizes.

Please note: ADA recommends a 70% color contrast factor in all engraved signs; for example, a red sign with white letters is considered high contrast and is preferred over a less contrasting color combination such as a white sign with beige letters.

Standard Styles	With Frame or Without a Frame		
Frame Colors	Black, White, Grey, Brown, Almond, Metal Finishes: Gold, Silver, Black and Bronze		
Standard Colors for Both Styles of Sign Face	White, Red, Beige, Green Black, Blue, Maroon, Brown,

To Better Serve You

When placing orders for products or services contained within this catalog, please use the following as a guide when putting together your purchase request. For questions that are not covered here, please contact an ACI Sales or Customer Service Representative for assistance at (602) 255-1464.

Billing Information:
Fill this area out completely in order to assure that your invoice will be billed to the correct address

Product Codes:
List the product codes for the items you are ordering in the space provided. Use SN for signs, EN for engraving, DC for decals and PL for plaques & awards.

Quantity:
Indicate the quantity ordered in the space provided.

Description:
Giving a part description will help us make sure that the product code and description match. Indicate what the sign will say, include sample verbiage wherever applicable.

Shipping Information:
This information is crucial when attempting to deliver your order. Please include a contact person and a current phone number.

Size/Style/Color:
This is a crucial step in the ordering process. Without colors, finishes, or sizes, your order cannot be completed. Indicate gauge of metal type of engraved material and plaque colors as well as sizes and shapes.

Unit Price/Total Price:
by using the unit and total price fields, potential errors can be identified and corrected before items might be made incorrectly.

The form is titled "Sales Order Form" and is from "Arizona Correctional Industries". It includes a header with contact information and a seal of the Department of Corrections. The form is divided into several sections:

- Customer Information:** Includes fields for Date, Bill to, Address - P.O. Box, City, State and ZIP, Contact, and Purchase Order #.
- Product Information:** A large table with columns for Product Code, Quantity, Size/Style/Color, Description, Unit Price, and Total Price.
- Shipping Information:** Includes fields for Customer Name, Ship To, Address, City, State and ZIP, and Customer Telephone #.
- Footer:** Contains instructions to photocopy the page, fax to (602) - 255-3108 for FAST Turnaround!, and a small table for Sales Tax, Freight, and TOTAL.

Arrows indicate the following connections:

- "Billing Information:" points to the "Purchase Order #" field.
- "Product Codes:" points to the "Product Code" column in the "Product Information" table.
- "Quantity:" points to the "Quantity" column in the "Product Information" table.
- "Description:" points to the "Description" column in the "Product Information" table.
- "Shipping Information:" points to the "Ship To" field.
- "Size/Style/Color:" points to the "Size/Style/Color" column in the "Product Information" table.
- "Unit Price/Total Price:" points to the "Unit Price" and "Total Price" columns in the "Product Information" table.
